Order:
G56.1 x

Material:
Polyurethane 90 Shore

Order:

G57.2 x d

Material:

Polyurethane
90 Shore

* It should be used with safety pins.
G57.2 product is compatible with the
product code G57.

* It is an impact and speed retarder product.

* Hardness of polyurethane material is 90 shore.

* All dimensions without tolerance are in EN 22 768-1 mm standards.
